

***GALACTIC ADVANCE ENGINEERING (M) SDN. BHD.***

***Environment, Health and Safety Policy***

Galactic Advance Engineering (the Company)'s purpose is to innovate automation solutions to bring reliability and long lasting deliverables to all its customers which will significantly improve their lives. In short, we are in the business of engineering peace of mind.

In order to achieve this, we are committed to high standards of Environmental, Health and Safety (EHS) performance. Our success will be judged in achieving the following objectives from the Company's EHS Policy:

- Ensure compliance with all applicable EHS laws in all countries in which the Company operates
- Manage EHS risk and performance effectively; actively seeking and acting upon meaningful opportunities to reduce risk and improve our EHS performance
- Reduce EHS impact of our product throughout their lifecycle.
- Select suppliers and business partners with consideration of their ability to run safe and environmentally responsible operations.
- Educate, train and motivate the Company's Management and Employees to work in a safe, environmentally responsible manner.
- Foster openness and dialog on EHS matters with Management, Employees and Customers, both internal and external; communicating risk, performance and progress.

The company's EHS Policy is implemented through a comprehensive EHS Management System, overseen by governance arrangements that involve all levels of the Company. Our performance is monitored and regularly reviewed to ensure our standards of conduct meet our high expectations, and that the Policy continues to be of value to our business and its stakeholders.
